

DACIA HJD ALARM (DaG)

8201 70 15 95

After-sales security system dedicated to Dacia HJD platform, built at OEM quality standards

Efficiency

Discourages car vandalism and protects the car, alerting acoustically and optically any event.

Easy to use

The security system uses the commands transmitted by the original car remote.

Comfort and security

The ultrasonic sensors detect any movement in the passenger compartment.

DACIA HJD ALARM (DaG)

8201 70 15 95

FUNCTIONS

Integrated

Avoid false alarms

Choice to cancel sensors

Diagnosis

BENEFITS

Designed specifically for Dacia Duster at OEM standards

Avoid alarm triggering due to natural causes - repetitive thunder, strong noises

Can leave a pet inside the car with the window half-open

Informs you when a door is left open or about events that triggered the alarm

TECHNICAL DATA

Siren	Size: 70x50x40 mm Weight: < 100g. Waterproof protection: IP67 Sound level SPL: 112 dB Back-up battery life: 10 years
UL module	Size: 57x42x24 mm Weight: 84g.
Working frequency range	40 kHz
Power Consumption	< 3mA
Operation Temperature	-40°C ÷ +85°C
Installation time	1.8 h
